

## Easy Start FPGA Vivado

### STEP 1

Choose your preferred date and book the course with all needed informations. The city will be „PLC2 online“.

### STEP 2

After your registration you will receive a booking confirmation within a few days.

### STEP 3

You will receive a seperate e-mail with your login data and a list of requirements to be done in advanced.

### STEP 4

After considering the first three steps you are ready for the VILT course at PLC2 online.
